Educational Activity:

COLLECTION: Ads appear in the local newspapers providing information on collection service in Fulton County.

DISPOSAL: New disposal facilities are not planned in Fulton County. The disposal facilities have given assurance that capacity exists to provide disposal in the foreseeable future.

RECYCLING/REDUCTION: Annual school seminars encourage recycling and reduction as part of the curriculum. Similar seminars are held through extension service and conservation district and the local groups as requested.

ANTI-LITTERING: The Fulton County Litter Cleanup program has continued in 2004. City streets are cleaned on a continuous basis. All county roads were cleaned twice during 2004, through a community service program initiated by the District and Circuit Courts.

ANTI-DUMPING: Fulton County is on schedule with cleanup of dumpsites and reoccurrence and new dumps are greatly reduced from the past.

ENFORCEMENT: Enforcement of local ordinances and surveillance of the past sites have reduced the number of new dumps and reoccurrence at past sites. Citations are issued when needed.

SITING: Given the size and geographic location of Fulton County and the lack of need for final disposal capacity, it is unlikely that detailed solid waste facility siting criteria will be needed in the near future.
